Thanks, Dale. I looked through the end of that week for times that work on EPA's end. If that time on 15<sup>th</sup> is workable for you, that would be great. I can send out a meeting invitation and an agenda.

Thanks,  
Molly

Hi Molly,

Welcome back. Based on a current evaluation of calendars on our end, we can probably do 6/15 from 1pm to 2 pm CDT (2-3 pm EDT) if Nate and I step out of a training. Was the 22<sup>nd</sup> the farthest out you looked on your end?

Thanks,

Dale

Hi Dale.

The plan was to reach out to you this week to start organizing some dates/times for a pre meeting with EGLE staff. Look for an email from Molly either tomorrow or Wednesday asking for dates/times for the pre-meeting. We were waiting to hear from a few peoples' availability for the pre-meeting. Last week, Molly and I spent some time bringing her up-to-date on what has been going on the site while she has been on maternity leave. Additionally, the plan was to work with EGLE to schedule a call with BASF to discuss the memo after we have the pre-meeting as well as scheduling our regular check-in with BASF.

Thanks for following up and let me know if you have any further questions.

Hi Shilpa,

Based on our May 12, 2022 meeting with BASF, EPA offered to schedule a meeting with BASF to discuss EGLE's April 13, 2022 letter to Joe Cisneros. Is EPA still planning to set up that meeting? If yes, please include EGLE staff. Also, we request a premeeting before meeting with BASF. Let me know when a date window is established and I can provide you with EGLE's availability.

Thanks,

Dale
